Get Help for Addiction Today

The **Emory Addiction Center** specializes in the treatment of all substance use disorders and comorbid mental health problems. Our staff includes addiction psychiatrists, physicians, psychologists, therapists, nurses and care coordinators. We offer in-person and telehealth appointments with the following services:

- Psychiatric Assessments
- Medication Management (including injectable naltrexone and buprenorphine)
- Individual Therapy
- Skill-Building Group Therapy
- Family Support Groups
- Intensive Outpatient Programming

We accept most insurance providers and can provide need-based assistance to cover treatment costs.
